

# Shared Leadership Guidelines and Recommendations

## Article 4

*The District and Association endorse the concept of shared leadership as the preferred manner in which to make many building decision. Each school is to create an elected leadership team under the direction of the HEA representative(s). The principal will be a member of the team.*

### **Composition of the Leadership Team**

The HEA representatives at each site will conduct an election process to determine which HEA members will serve on the team. The elected team and the administrator will agree to add additional members such as classified personnel or additional administrators.

### **Training/Support**
